**FIELD TESTING OF I.I.M. COURSE
CROSS CULTURAL COMMUNICATIONS SERIES - THE SIKHS.**

Recently we asked selected members to participate in the field testing of our newly developed individualized instruction method (I.I.M.) course *Cross Cultural Communications - The Sikhs*. Cst. B.S. DHILLON is one of the members who worked through the course, on his own time, and then completed a questionnaire to provide us with the necessary assessment of the course. As a result of the overall feedback, we have been able to validate the course in preparation for approval by the Director of Training. As soon as the course is approved and coded, we will be able to credit Cst. DHILLON with the course on his P.A.R.A.D.E. document.

Please convey our appreciation for Cst. DHILLON's assistance in our I.I.M. program.

B.G. Butt, Insp. (A.D.)
OIC "E" Division Training
