Dear Harry

This will introduce Mayo Singh who
is President of a large lumbering industry
employing in normal times about 300 men
many of them white

I know Mayo well, favorably and
he having expressed the thought to me
that he could find a market in India
for lumber I have taken the liberty
of referring him to you and I will
appreciate any courtesy you may extend
to him

Yours sincerely, C. H. D. 1/1/19
