

Peking 4.7.78.

My dear Sister,

Just a line from Peking with the Peking marks on the stamp for you to possess and to know that we are eagerly looking forward to seeing you early. Meanwhile, we are having a nice time, going about sightseeing with our cameras. By the time you left Delhi, Kalyani and her children would have been back after their holidays. I hope you enjoyed your trip to Kashmir. Take Vishnu's help in checking whether your yakshini is in good condition.

your affectionate dad,
