W. D. SCOTT, ESQ.,

Superintendent of Immigration,

Ottawa, Ont.

Sir:-

I beg to acknowledge receipt of your code message of the 12th instant, as follows:-

"Navel service willing give Bowell beconian grant coadjutor pulmonary ships alienable prevented administering impigne receipt such coadjutor which will be acquainted anied by whale of limpid naster retrogrssion them on carted who may imp same and sarcasm impigne hellish Bowell asperity radiator administrator then theodolite naval service for baconian give coadjutor."

which translated, readssas follows:-

"Naval service willing give Bowell authority grant clearance providing ship's agent prepared act immediately receipt such clearance which will be accompanied (anied) by warning of liability master; responsibility then on Captain who may ignore same and sail immediately; have Bowell arrange quick action then telegraph Naval Service for authority give clearance."

With reference to the word 'anied'; there is no such word in the code and as it appears to be superfluous, I presume it is an error.

It is interesting to note that a cable dispatch from London was published in the "PROVINCE" of the 11th instant, and Montreal "STAR" which states:

"The Pall Mall Gazette commends the Canadian Government for showing themselves 'insusceptible to that infantile form of argument the hunger strike' among the Hindus. With an eye on the British cabinet and the British suffragettes it adds: 'When other communities show themselves equally clear of sentimental fallacies they will deserve and probably gain similar relief.'"

W.D.S. - 2.

Bearing this in mind, the utmost care will be used in seeing that no provisions are supplied these people, although I have your sanction.

You can rest assured no unnecessary expense will be incurred.

Your obedient servant,

*Malcolm. R. J. Reed*
