Dear Mr. Bains:

Thank you very much for your letter of January 29, 1973.

I was very pleased to hear that you have successfully completed the 10 month General Welding Course and that you are now employed.

It must have been a difficult time for you during the course. However "all's well that ends well".

Thank you very much for the information on the Sikh religion. I have read it with interest.

I take this opportunity to wish you every success in the future.

Yours truly,

L. Smith,  
Principal
