Dear Doctor Gill:

I write to you with great pleasure, to offer the congratulations of the Medical Staff and Administration of the Royal Columbian Hospital, on the occasion of your investiture for the Order of British Columbia.

It is not often that a member of our Medical Staff receives such a prestigious award. The distinction of being the first Indo-Canadian physician to practice in this country, has placed you in a unique position in the history of Medicine in Canada and we are proud of your association with the Royal Columbian Hospital for the past 32 years.

The recognition that you have received is certainly well deserved and again, our sincere congratulations.

Yours truly,

R.C. MacPherson, MD, FCFP
Vice President, Medicine
