Dear Dr. Gill:

On behalf of the Board of Trustees of The Fraser-Burrard Hospital Society, may I express our best wishes and congratulations on your being named a winner of the Order of B.C. awards.

As the first member the Indo-Canadian community to practice medicine in Canada, you were a ground-breaker for many others of your ethnic background who have followed you into the medical profession. Canada offers equal opportunities to young people of every racial background to enter the profession of their choice but, at the time you began your medical career, you were certainly in the minority. I congratulate you for taking the educational opportunities that were available to you in your youth, pursuing the university education that enabled you to attain the professional goals you strived for, despite the obstacles that no doubt stood in your way.

The Board of Trustees is honoured to know that you have been a member of our Medical Staff since 1958 and we wish you many more successful years in your medical career.

Sincerely,

Michael A. Milaney, Chairman
BOARD OF TRUSTEES
