Kabir Cultural Centre is pleased to present 'Satyam Shivam Sundaram – In search of Eternity!', a magnificent Bharatanatyam recital by **Ms. Geeta Chandran**, winner of several honours including **Padmashri** from the President of India.

In 'Satyam Shivam Sundaram – The Search for Eternity!', Geeta uses the metaphor of dance as a means of communicating key artistic and aesthetic values in the Indian classical philosophical tradition. The dance of Krishna is presented as one pulsating with Life, the dance of Shiva as the dance of Change, and the dance of Devi as the dance of Action.

Geeta Chandran is a highly accomplished Bharatanatyam artist and a classical music singer. Besides practicing her art of classical dance, Geeta has, through various benefit performances, associated herself with many social causes such as mental health, violence against women, justice for victims of road accidents and welfare of handicapped children.

What the press says: *"Geeta Chandran held a packed audience spell-bound at the famous Shaw Theatre in London last night with her brilliant performance"* – The Hindu
