

WORKING FOR A BETTER ENVIRONMENT

A At Western Forest Products (WFP), forests are more than a resource – they are our heritage and our future. Responsible forest stewardship is essential to our survival and success as a company. WFP is committed to sustainable development on forest lands in our care for all British Columbians – forever.

Everyone will protect soil, water, fish and wildlife resources and the forest environment in all aspects of their work with WFP. Training programs and operations audits will be maintained to constantly improve our environmental performance.

At WFP
people and
and must

we believe
nature can –
– coexist.

H.S. Doman
President or Chairman of the Board

FOREST STEWARDSHIP
OUR BUSINESS DEPENDS ON IT!
